Joni Bryant
Executive Director

The Alaska Native Harbor Seal Commission (ANHSC) is a 501(c)-3 non-profit, with an overall goal to promote Alaska Native participation in policy decisions affecting the use of harbor seals. The ANHSC also provides training on the traditional uses of harbor seals to Alaska Natives.

The Alaska Native Harbor Seal Commission has a long history of supporting programs which provide enriching experiences for Alaska Natives, striving for cultural enhancement opportunities we honor and involve our Elders and young people at a number of youth and spirit camps and activities statewide.

While in many communities there are programs preserving of our cultures through song, dance, and stories through oral tradition: there is a need to show how our oral traditions and customs were created and have evolved by way of example. There is a need for a strong Native Voice on management issues. The programs of ANHSC provide this with an understanding and appreciation of our traditional way of life. We also promote and provide experience of western scientific research and data collection offering truly a more holistic approach to education and information gathering. Through these efforts we provide options and a future for our Native Peoples.

The ANHSC asks that you consider making a TAX DEDUCTIBLE donation to help support our efforts to increase the understanding of sustainable use, management, and conservation of harbor seals and continuing our Native Way of Life.

Respectfully,

The Alaska Native Harbor Seal Commission
